

## Honington Fuel Allotment Charity Annual Report 2021/22

Honington Fuel Allotment Charity manages land in Honington including :

10 allotment plots rented to 7 local residents;

the village playing field rented by the Parish Council;

the Allotment Field leased by the Tree Group;

pasture at the end of Mill Road let to a local farmer; and

5 parking plots hired to residents at the end of Mill Road.

There continues to be a huge demand for allotments all of which are taken and we have a waiting list.

Income comes mainly from our Charity Investment Accounts supplemented by rental payments.

This year 27 residents of Honington received a winter payment of £175 per household. Eligible households contain at least one person aged over 65 who has lived in Honington for more than 5 years. In addition to expenses, there was a modest relief payment made to a local resident.

Expenses are covered by income with a small supplement from our bank reserves, keeping our investment funds untouched.
